I understand that

- this whole body donation gift is motivated exclusively by altruistic intentions without financial compensation or valuable consideration made to me or any family member.
- an autopsy will NOT be performed to determine the cause or contributing factors that led to the death of the donor.
- no guarantee has been given that this donation will benefit a specific use, research, or educational study. This donation may benefit multiple educational, scientific, organ procurement and medical research organizations, for profit or nonprofit, domestic or international, and the education or research institution may perform final specimen disposition.
- determination of acceptance of donation will be made at the time of passing. DONORCURE reserves the right, at their sole discretion, to decline acceptance of the donation and related charges if it appears unsafe or unsuitable for the purposes consented to herein.
- upon acceptance of donation, DONORCURE will be responsible for any costs related to the donation including transportation, cremation, obtaining a copy of the donor's death certificate, and return of cremated remains to the family or a scattering of cremated remains at sea.
- the donor's body will be transported to a DONORCURE facility. All protected health information as defined by the Health Insurance Portability and Accountability Act (HIPAA) will remain confidential and be kept in a secure location.
- an open casket viewing is not possible with whole body donation and no un-cremated remains will be returned. The cremated remains returned will not include body tissues, organs, or anatomical specimens procured for medical education or research purposes.
- DONORCURE and all associated agents, including specimen end-users, shall not be liable from loss or damage, including incidental and consequential damage which results from the undersigned not having proper legal authority to consent
- signing this document does NOT guarantee acceptance of donation

I hereby authorize

- the procurement of all necessary tissues, organs, and anatomical specimens, including whole body, for medical research and educational purposes and understand tissue/specimens may be used indefinitely into the future. I understand that the body may be subject to extensive preparation and/or long-term preservation, including but not limited to, removal of the head, arms, fingers, legs, toes, hands, feet, spine, organs, tissues, or fluids.
- for any and all medical information to be released to DONORCURE before or after death, including but not limited to, a complete medical history and blood samples. Blood testing may occur which can include, but is not limited to, HIV, hepatitis B and hepatitis C. Positive blood test results for HIV will be communicated to the Health Department. A positive result for HIV, hepatitis B or hepatitis C will also be communicated to the next of kin.

I further authorize this whole body donation for additional education and research uses, such as weapons testing and personal protective gear (for example military); search, rescue, and recovery operations; forensic pathology and crime scene investigation; educational display; plastination (permanent plastic fixation of body tissues); or automobile safety research. In some cases such research or education may involve destruction of the body or parts of the body. **Yes** **No**
